

Reforestation Baran

FUND A POND CAMPAIGN

In Baran, India, together with The Flow Partnership, we have the opportunity to revive **125 sq km of degraded land**. By adopting simple, low-cost measures as part of a holistic, catchment-based strategy, we can:

- **Rehydrate** the region
- **Regenerate** the soil
- **Store** thousands of tonnes of carbon
- **Restore** a healthy life for the local communities

We're inviting partners to help build 10 ponds and plant 60,000 trees.

 <p>Amarapura £28,000 Water: 6,000m³ Trees: 5,000 People: 210</p>	 <p>Balarpur £25,500 Water: 3,000m³ Trees: 4,000 People: 70</p>	 <p>Bhoyal £12,000 Water: 40,000m³ Trees: 50 People: 500</p> <p>FUNDED</p>
 <p>Choura Khari £33,000 Water: 32,000m³ Trees: 5,000 People: 525</p>	 <p>Guwari £12,000 Water: 33,500m³ Trees: 50 People: 450</p> <p>FUNDED</p>	 <p>Mandi Sahjana £46,000 Water: 17,000m³ Trees: 7000 People: 600</p>
 <p>Pathari 1 £25,000 Water: 6,000m³ Trees: 4,000 People: 300</p>	 <p>Pathari 2 £20,000 Water: 15,000m³ Trees: 3,000 People: 250</p>	 <p>Purana Faredua £24,500 Water: 32,000m³ Trees: 4,000 People: 400</p>
 <p>Ranipura 1 £32,000 Water: 33,000m³ Trees: 5,000 People: 600</p>	 <p>Ranipura 2 £30,000 Water: 34,000m³ Trees: 5,000 People: 450</p>	 <p>Sanwada £36,000 Water: 22,000m³ Trees: 18,000 People: 350</p>

**Water is the foundation of this project.
When we bring back water, the rest can follow.**
